1 ABOUT THE LOGO

The shape of the pictorial part of the logo represents the **globe-world**, emphasized at the top by a part of the continent.

The "world" is washed by **waves** that symbolize both **courage** and **new challenges**, but also **dynamism** and unrestrainedness.

In the middle is a **ship**, a **symbol of the first missionary expedition**.

The **sail** of the ship is evoked by **three red figures** referring to the **salesian logo**.

At the same time, they can represent the **flame** or fire of a renewed **missionary enthusiasm**.

The logo is complemented by **three key words** and the **highlighted anniversary number 150**.

In the logo there is a mutual **harmony** of shapes and colors, the shape of the wheel means **unity** and **mutual connection**.

The elegant, clean, classic design of the image part of the logo refers to the ancient **legacy** of our ancestors.

The logo is designed to be easily reduced in size and to look good in both black and white and negative versions.
